

Georgia H
Fitness model

Our Georgia has been a swimmer since she was nine years old – an early start led to an overall passion for sport and fitness that remains with her to this day. From 2018 to 2020 she swam for England competitively, managing to qualify for the Olympic & Commonwealth trials in 2020. Georgia still trains every day and is on a constant quest to better her already impressive pull-up count. An all-round professional, Georgia comes highly recommended.
