

Rex P
Fitness model

Our Rex is a personal trainer who certainly practices what he preaches, using his expertise to craft a physique that can be put to multiple uses. He currently has a 38-inch chest with a 28-inch waist, so his chest to waist ration is impressive, giving him that classic muscular physique. In addition to providing inspiration for his personal training clients, Rex has also worked as a buff butler, fitness model, adult actor and as a stripper - so he is definitely very comfortable showing off his body! Rex is a perfect general fitness model underwear model and swimwear model and comes highly recommended.
